

LESSEP 2019-1

Sixth Workshop on Using Learning and Engagement Strategies in Software Engineering and Programming Courses

<https://stem-cyle.cis.fiu.edu/events/lessep-2019-1>

Call for Participation

Workshop Focus

- Introduce instructors to the Learning and Engagement Strategies Integration Model (LESIM). LESs - *collaborative learning, gamification, problem-based learning* and *social interaction* in CS/IT/SE.
- Introduce instructors to the features of SEP-CyLE – *Software Engineering and Programming Cyberlearning Environment* that support student learning (<https://stem-cyle.cis.fiu.edu/>).
- Form a community of instructors that use LESIM in their classes in both the Face-to-Face and Online class activities.

Benefits

At the end of the workshop, participants will be able to:

- Implement LESIM in the classroom to improve student learning in CS/IT/SE courses.
- Quickly and easily integrate the use of SEP-CyLE into the course activities for CS/IT/SE courses.
- Plan and conduct student studies to measure the impact of using LESIM in the classroom.

Support: The workshop is supported by an NSF IUSE Engaged Student Learning - Design and Development Level II grant ([DUE-1525112](https://www.nsf.gov/awardsearch/showAward?AWD_ID=DUE-1525112)). We have **funds to support travel and lodging** for a limited number of persons to attend the workshop.

Application available at:

<https://stem-cyle.cis.fiu.edu/workshop-application>

Application Deadline: **April 26th, 2019**

Notification: **Before May 6th, 2019**
